Hoping to wrap up another successful game, Coach Rogers encourages his team, inspiring a sense of pride and determination in each Lady Greyhound.

Working in cooperation with the Data Processing Program, John Shell and Dee Scarborough demonstrate the "right way" to conduct a job interview.

Lending a helping hand to the marching band, senior Billy Wood applies the finishing coat of purple paint to a xylophone stand.

As the year progresses, Mrs. Sires finds herself all wrapped up in Advanced Biology.

Wrapping It Up

Packing Up and Moving Out

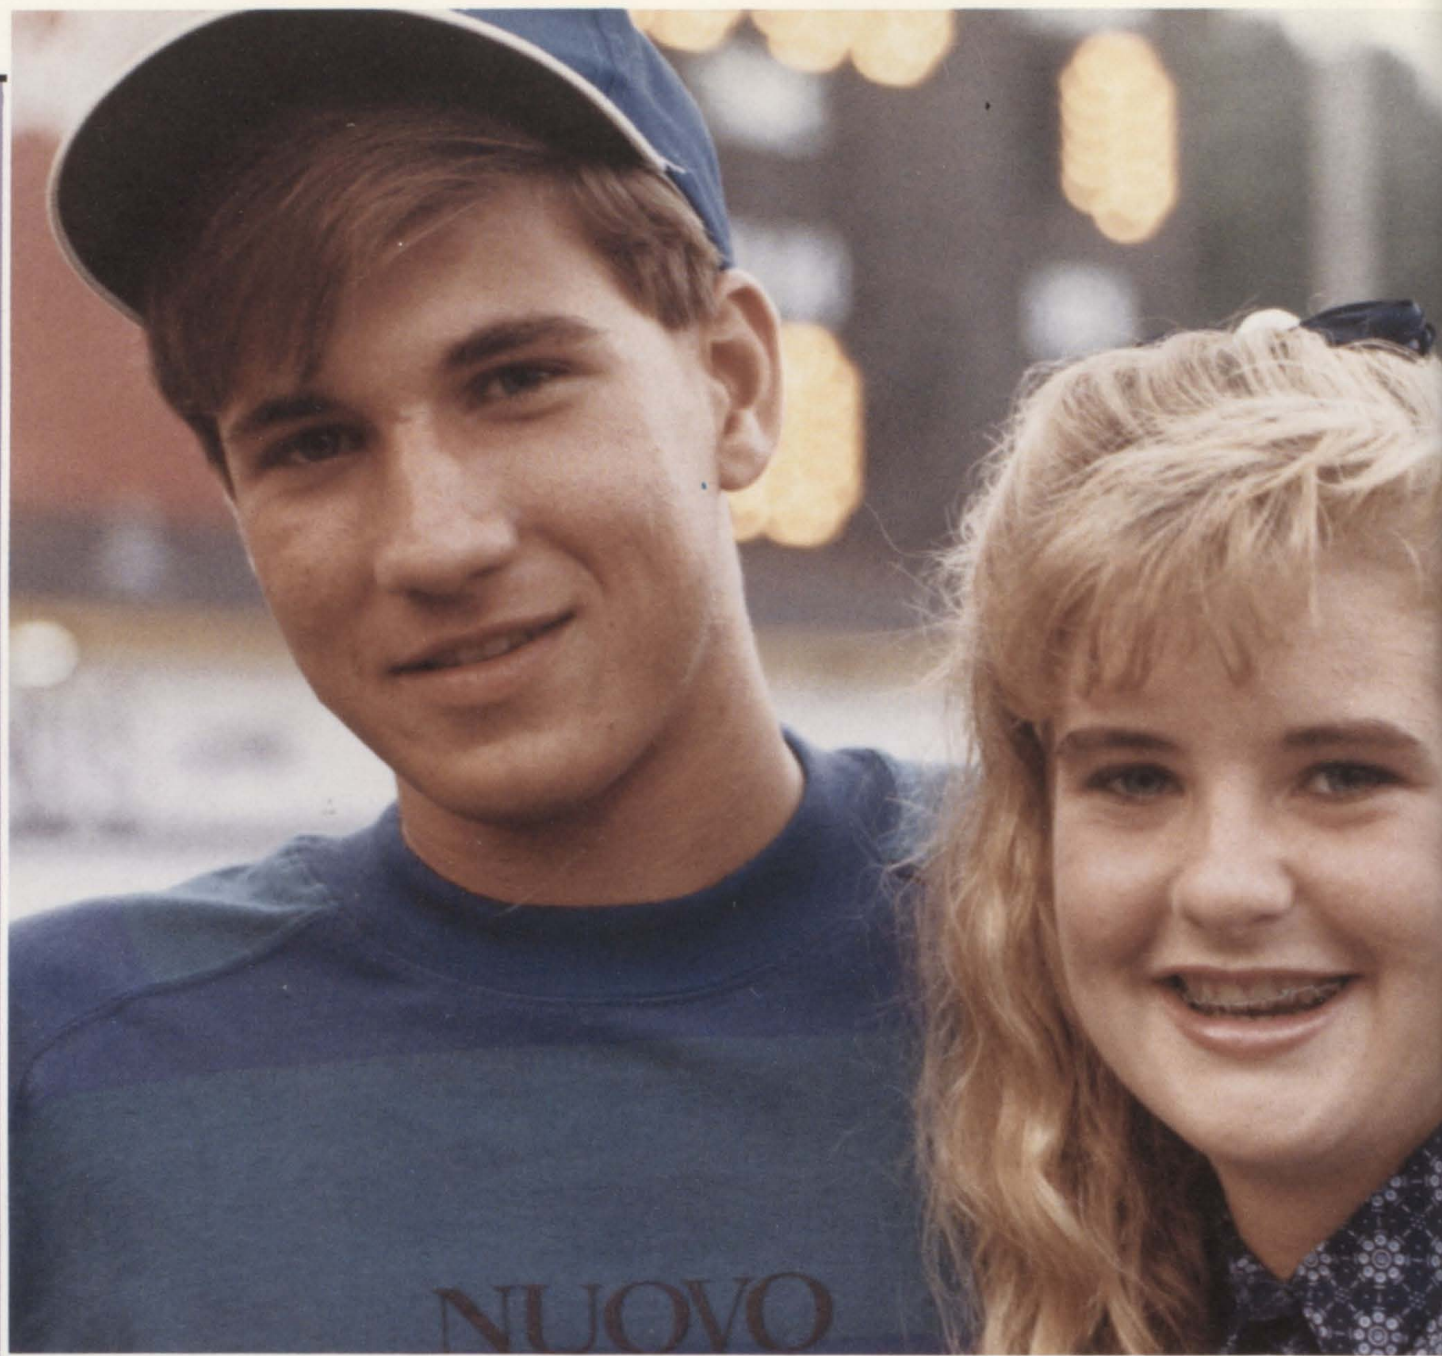

Back in September of 1987, it was decided that Jones County would have a new high school by the fall of 1991. A wave of excitement filled the air as students, faculty, and administration started thinking about their new, soon-to-be-built air-conditioned school. The move will affect everyone, with the alumnae wistfully recalling fond memories, teachers being forced to throw away old files and to pack up hundreds of books, and students eager to find new and cooler surroundings. Yes we are wrapping it up in different ways, but toward the same goal — the new school!

As the day wraps up, Sam Henderson asks Mrs. Simpson one last question before the bell.

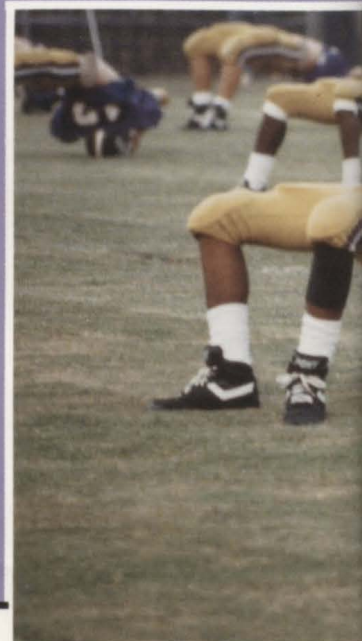

Taking a moment from his busy schedule, Mr. Colvard helps Tonya Napier with her homework.

While enjoying the magic of a Friday night football game, Tammy Fisher and Ryan Miller capture the spirit that flows through the JCHS crowd.

Attentively pledging their allegiance to the flag, the JCHS student body displays their pride while the "Star Spangled Banner" is played.

During a pregame warm-up, Undre Williams stretches his body for an ultimate performance against the Monticello Hurricanes.

Wrapped Up

.....

In the Moment

Rrrriinnnggg. What? Was that the final bell of the day? It seems like it was just 8:35 A.M. Being so caught up in what you were doing made you lose all sense of time. Finding yourself wrapped up in the moment is not an unusual occurrence at JCHS. Student life is filled with a vast array of exciting activities ranging from gossip sessions before school to Friday night football games.

Various emotions flood your spirit when you're having fun or working diligently on that term paper due tomorrow. Doing either, you find that the moment has raced past you. Concentration is a must. The athletes of our school work hard toward their goals as do others striving to pass that killer trig exam.

Many Seniors are lost among piles and piles of college letters and bulletins. They are diligently trying to make a major decision that will change the rest of their lives. The weighing of pro's and con's is a lengthy and hard thought out decision.

Great friends, great times, and great memories are all reasons to wrap yourself in emotions, and the best thing about them is that they are all found in great abundance at our school. Ask anyone who walks our campus, and they'll say their best times are discovered here at JCHS.

Successfully wrapping up a smashing half-time performance, the JCHS Marching Band puts the finishing touches on "Cold Hearted Snake."

Warming up for the big game, Kevin Harrison displays his school pride as he raps to the beat of his own drum.

Happiness wraps up the thoughts of Tommy Robinson and Sarah Hipps as they take a moment to enjoy each others company.

After the "No Shorts" rule was revoked, these students proudly modeled their new look.

Wrapping to the Beat

.....

Of a Different Drummer

As one walks along the halls of the JCHS campus the individuality and uniqueness of the student is unmatched. In one corner a group of friends rap to the beat that only they can hear while others try to catch up on last night's homework. In another corner, some cheerleaders practice the latest cheers while several athletes review their performance and try to find ways to improve. Besides these few groups, there are students that stand out just because of their own originality.

The students here are allowed to express themselves freely through their clothing, hairstyles, friends, and even the classes they choose. Hopefully, this freedom of expression will never be taken for granted. For not only are we given this freedom, but many of the faculty actually encourage the students to develop their own individual personalities. As well as the diversity of its members, the student body at JCHS is unequaled among other high schools. In comparison, our special qualities and talents make us stand out in a crowd. Our dignity and school pride in such areas as sports, drama, and academics makes us not only a unique school but also an example to others.

After school, April Turk and Felipe Holiday diligently work on their honors reading tests.

Getting into the spirit of things, Mrs. Peters, Godfrey Appling, Dan Doster, and Tyrone Norman take time out for a little fun before class begins.

Deep in thought, Kasonya Alexander tentatively explores the next chapter.

Eagerly anticipating half-time, Drill Team members, Thindwia Cabiness and Cacia Clark are anxious to show off their new dance routine.

Reviewing his vocabulary list one last time, Scott Hinson prepares to ace his Spanish test.

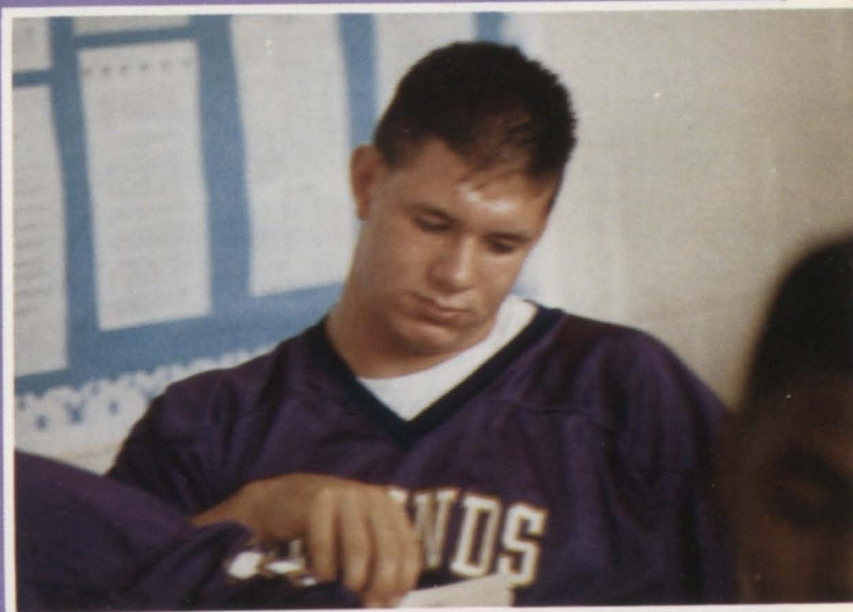

A Wrap on Words

A Day in the Life at JCHS

A senior, last class of school
Time to act mellow, not like a fool
When you're a senior, many dues must be paid
They blow up in your face like a grenade.
While walking on the campus ground
Moving your head to the Greyhound sound
Mr. T., Coach P. and Mr. Smith are all around
Because they're down with the Greyhound sound.
Am a Cool cat, and that is true
I walk around campus with girls, one or two
I walk around school everyday
And talk to my friends in every way.

As the end of her senior year rapidly approaches, Traci Thompson takes a peak at what her future holds.

Taking a well deserved break from a hectic day, Mrs. Sanders and Mr. Colvard chat in the teachers lounge.

It's Under Wraps

The Future: There's No Holding Us Back!

Have you ever sat back and wondered what the future holds in store for you? All of us have, but sometimes we are thrown for a loop. The future holds the bizarre and unexpected, and it's all under wraps.

Most seniors wonder what college will accept them. They begin to dream of future occupations and goals to be reached. They are only just beginning to know the real world. It is fascinating, but scary at the same time.

Juniors find themselves concerned with planning and preparing the prom and how their project will be received. They begin to realize that they only have two years of school left. This leads to thoughts of becoming a senior and what an awesome experience it will be.

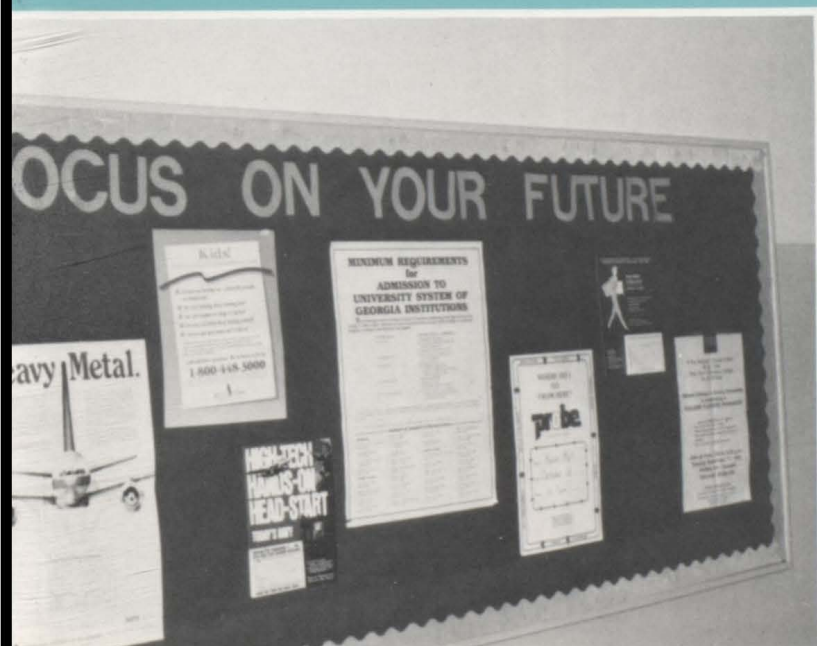

Being accepted by others as something other than a freshman is on the minds of many sophomores. They wonder what this school year is going to hold and what good may be found.

Freshmen wonder mostly about what high school life is really like. They realize that they have made it through eight years of school and are curious if four years more will be worth it.

We all have dreams and aspirations for the future. All we have left to do is wait for the future to unwrap and show what's in store.

As students pass through the senior high hall, they are given the opportunity to explore a wide range of colleges and careers displayed on the counselors' bulletin board.

Ricky Layson and Michael Repzynski are looking forward to the new high school.

Seniors

Seniors are known for their Big Man On Campus attitudes, and Chad Jackson, Jake Stevenson, Glenn Hamilton, and Jeff Jernigan display their own.

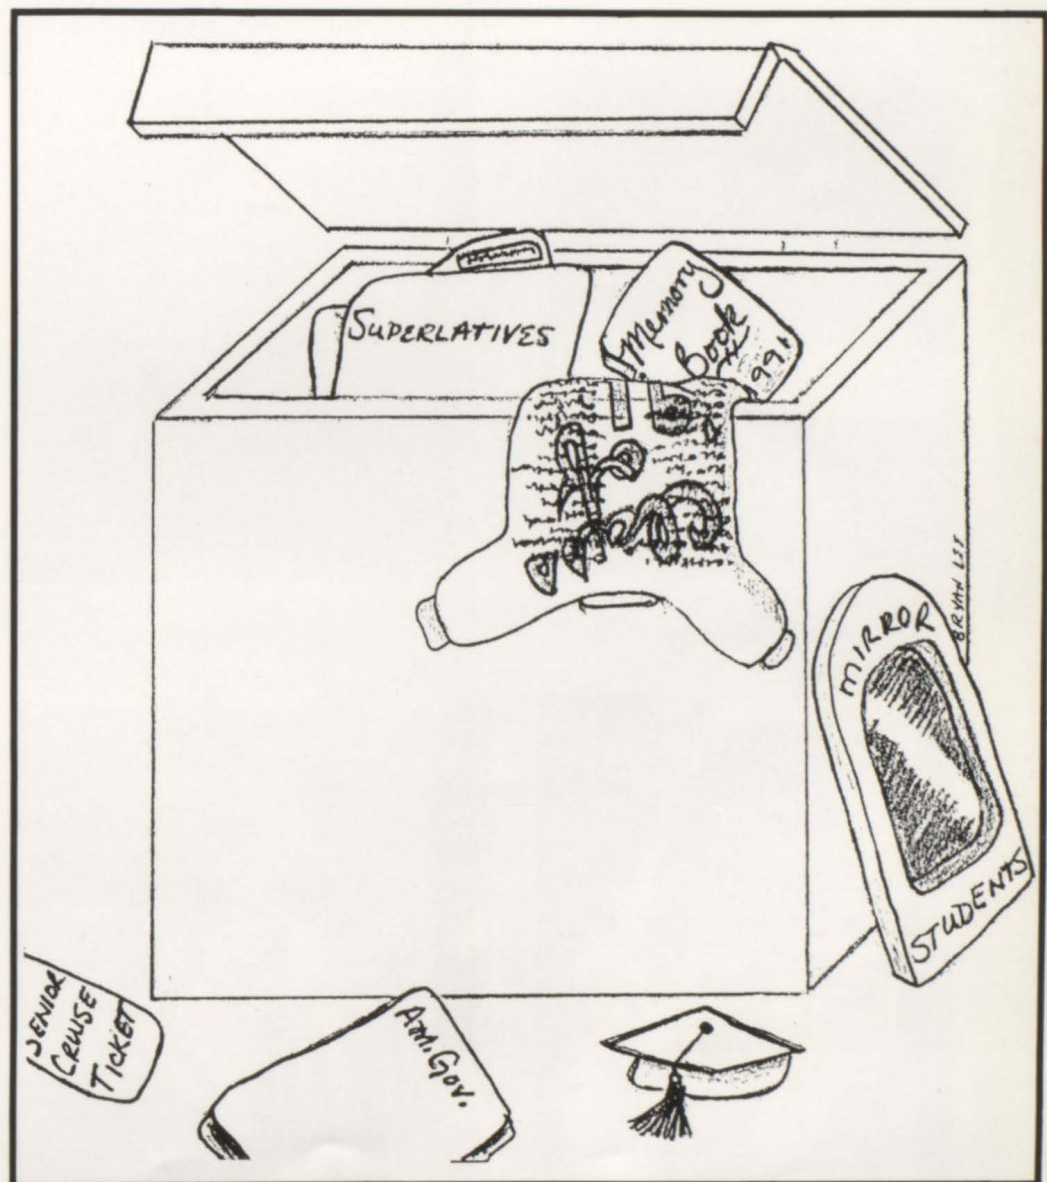

At the FBLA rush party, it looks as though Bryan Greenway is definitely a hit.

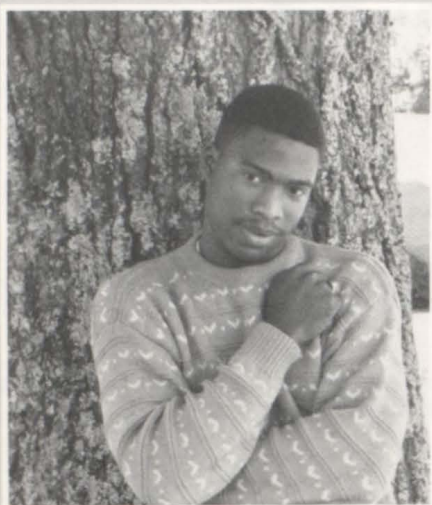

First Class

The Memories of the Old School Will Always Remain

Strolling across campus, Carlton Stewart displays a rare sense of style and individuality that most students at JCHS capture when they become seniors.

I am a Junior!

Throughout your highschool career, you always dream of making it to your junior year. As a junior, you are finally accepted as an upper-classmen. It's the year you plan the prom, get your class ring, and are one step away from your senior year. Your junior year always proves to be exciting, because you are finally able to drive and for the lucky ones, have a car of your own. You feel a sense of pride like no other to be part of the Class of 1992!

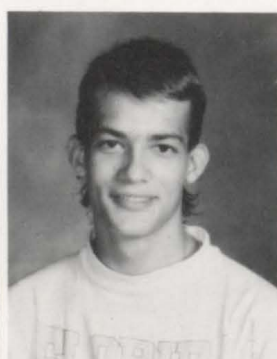

Felippe Holiday and Micah Whitby show the serious side of junior life as they study for chemistry test.

Summer Reading Started

During the spring of the 1989-90 school year, it was decided that the Jones County High School honor classes would participate in a summer reading program. The students were to read two books for each honor class they were taking for the 1990-91 school term. After reading the required books, they were given objective tests which were scheduled periodically throughout the summer. These tests counted 25 percent of their nine weeks grade in the honor class.

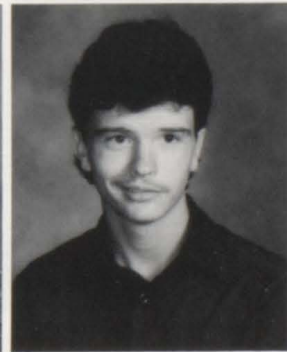

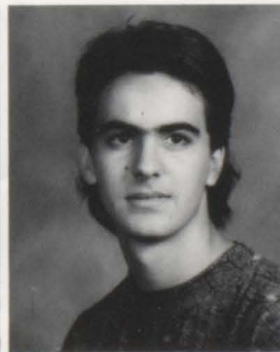

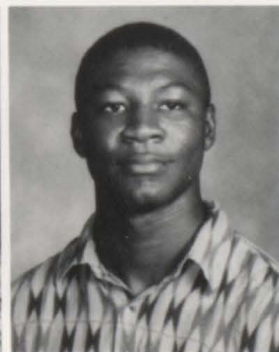

Concentrating intently on a hard question, junior Traci Skinner works to complete her summer reading exam.

A few years ago, the "no pass, no play" rule was established. Ultimately, the rule states that if a student doesn't pass five out of six classes, then he is academically ineligible for extracurricular activities. This includes sports as well as clubs and holding a class office.

It is very important for athletes to make the good grades. They are not only athletes, but good students. When they have established such a reputation, they are respected by all. They not only reflect well upon themselves, but are people the entire community can be proud of.

FACULTY

DEDICATEES

Ms. Florence Mixon

There are times in our lives when we come across an individual who stands out above the rest. In student's eyes, few gain their respect, not only as a teacher but as a friend. This year we have chosen a teacher who has accomplished both. She has a certain zest and happiness about her that touches the lives of all she meets. She can always be found with a smile on her face ready to assist her Spanish students. She is known for supporting her favorite 'Hounds team. With her fair looks and bubbly personality, she opens the door to the lands and languages. It is with great pride and dignity that we have chosen Ms. Florence Mixon as a 1991 Growl Dedicatee.

Mr. R. E. Eidson

This year our yearbook dedicatee is Mr. R. E. Eidson. He is a prime example of someone who is not only our teacher, but our friend. With his wonderful sense of humor, he makes the tedious environment of school more bearable.

He was honored with a trophy by the Lady Greyhounds for his outstanding school spirit. You can always count on him to be at most every game, sporting his special-made t-shirts and cheering the teams on to victory.

Thank you, Mr. Eidson, for your dedication to the teams as well as to our education. We are honored to have you as our 1991 Growl Dedicatee.

Coach Danny Rogers collects his thoughts as his team takes its turn at bat.

This was Coach Danny Rogers first year as coach of the JCHS Baseball Team. When asked about his first year, Coach Rogers responded by saying that there was a lot of pressure due to the fact that he was following the strong program established by Coach Patterson. Coach Rogers was faced with keeping his program on solid ground after the 1989 JCHS Baseball Team won the State Championship. He said that people expected the same level of play from the 1990 team that they had with the 1989 team. When asked about his 1990 team, he said that it may have lacked team ability but the 1990 team was full of heart. Even though they were considered the underdogs they kept up their spirit and tried hard, at home and on the road.

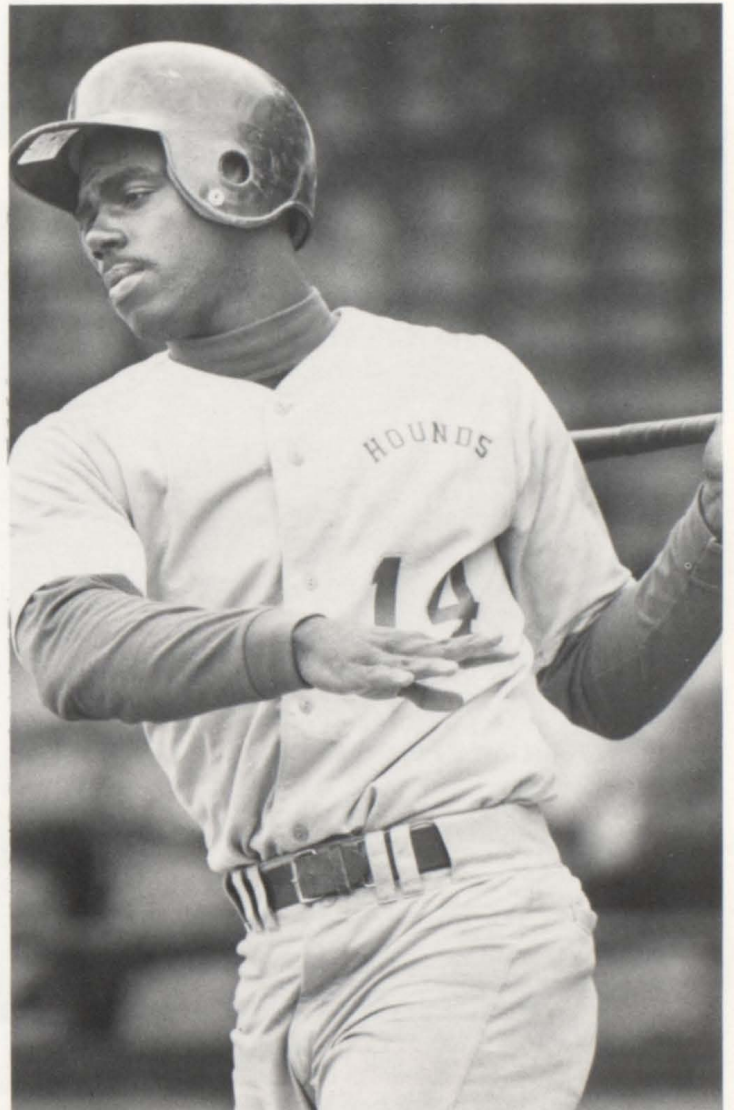

Rondell White, senior of the 1990 JCHS Baseball Team, gave all he had to his position in centerfield and to his overwhelming swing. After graduation, White was picked 24th overall in the first round draft, and he signed with the Montreal Expos. After signing, White received a monetary signing bonus for being drafted in the first round, and among other signing bonuses, he received a paid in full college education.

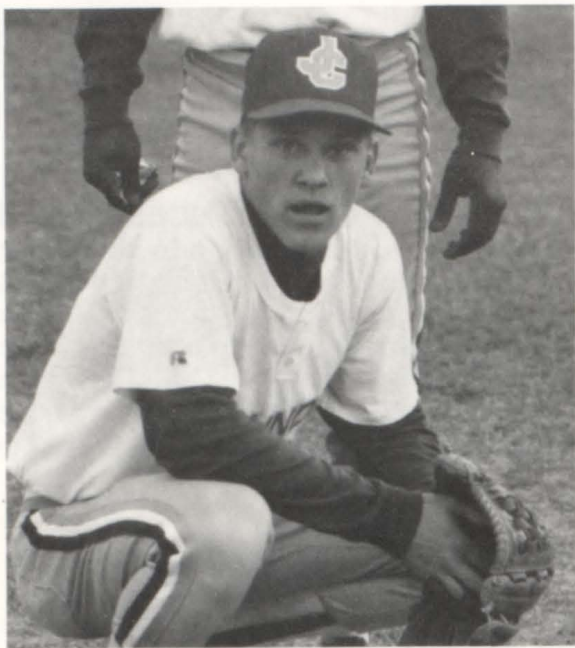

Senior, Rondell White signs as a first round pick for the Montreal Expos.

The 1990 Seniors are (L-R): Todd Garrett, Curtis White, Frank Hill, Coach Rogers, Hoyt Stanfield, Rondell White, Kevin Chapman, Larry Sellers.

Girls Basketball

The 1990-91 Lady Hounds basketball team are under the advisement of a new coach this year. The girls spend long hours practicing during the week and on weekends. Through hard work and dedication they strive to make the season the best they can.

(L-R) Don Sherwood (coach), Shantae Veal, Tenecia Pitts, Kim Lynch, Kelly Patterson, Valerie Banks, Dee Dee Scott, Amie McSwain, Alicia Tuft, Ellen Batchelor, and Gwen Broadus.

With great quickness, Dee Dee Scott tries to block her opponent's pass.

Concentrating on the goal, Alicia Tuft shoots for two.

Diving for the floor, Valerie Banks tries to recover the ball.

Tenecia Pitts, Dee Dee Scott, and Kim Lynch sit patiently awaiting their turn on the court.

Trying to get her teammates attention, Amie McSwain points to their open player.

With swiftness and agility, Shantae Veal struggles hard to find an open and available player.

Boys Basketball

The 1990-91 Jones County basketball team strived to have the best year ever. With many dedicated players they endure long hours of practice and many challenging games. Among the teams many accomplishments, Walter Thurman not only led his team in the number of points scored, but also led the entire Middle — Georgia area.

The Varsity boys are Frederick Ammons, Cedric Knowlton, Telly Arnold, Derrick Dudley, Q.T. Combs, Sean Hutchings, Walter Thurman, Alan Harvey, Tyrone Williams, Jermaine Tarver, Felipe Holiday, Shawn Gotel, Jason Jones, and Greg Appling. The team is led by Coach Chuck Gibson.

The Hounds listen attentively to Coach Gibson's next strategy.

Walter Thurman tries very hard to block a shot by a Putnam County player.

Greg Appling watches very closely to see if Q.T. Combs gets the jump ball.

Tennis

The 1990 Tennis Team had an excellent year. Many long hours were spent at the courts. Not only has the team grown in size and number but also in spirit. Because of the great concern of the parents and alumni, a Tennis Booster's Club was organized to show their overwhelming support. Their duties included providing meals for the team on two occasions and seeking out sponsors to provide money for tennis balls. Coach Jim Abbott and team members sported new T-shirts with the logo "Hard Rock Tennis". Many students and faculty members showed their support by wearing the shirts.

Girls Track

The 1990 track team accomplished some outstanding feats during the spring of the year. The team traveled in many directions such as Perry, Upson Co., and even a trip to Albany, GA for the State Meet.

Three school records were re-written in 1990 by these tracksters. The 220 yd. record was toppled by graduate senior Carla Redding. She also was a member of the record setting 440 yd. relay team, that included Dee Dee Scott, Kim Pitts, and Alicia Tuft. And to end up her final year of competition Carla qualified for the State Meet at Albany in the hurdles. Outstanding!

The other school record that fell was the shot put. Gwen Broadus added a couple more inches to the previous distance.

So the 1990 team had a lot to brag about. The other members contributed a great deal to make this an enjoyable spring season.

Varsity Cheerleaders

The Varsity Cheerleaders are a group of girls who are responsible for upholding the spirit of the school. They cheer at Varsity Football and Basketball games. This summer the squad traveled to Carrollton, Georgia, for cheerleading camp at West Georgia College. While there, they received various awards and honors, a blue ribbon for each day there, the "spirit stick" to bring home, and an All-American nominee Davina Sullivan. Besides all of these accomplishments they also established bonds that bring forth cooperation, dignity, and lasting friendships. The members of the 1990-91 squad are Kim Woolfolk, Kay McCrary, Jennifer Leonard, Katie Mitchell, Davina Sullivan, Traci Thompson, Michelle Thompson, Amy Sires, Kesha Hardwick, Laura Thomas, Kelly Solomon, Maryann Evans, and Trista Pounds — Captain.

As always, the majorettes had a great year. They attended a summer camp in order to learn a variety of tricks to incorporate in their twirling skills. This year, they have been involved in football games, parades, and pep rallies. They have become creative as well as confident in themselves by working together as a group. These are several reasons they've made this year a success.

Spirit Week 1990

Homecoming was ushered in by fun, week-long activities in which all the students were encouraged to show their spirit. This year, almost everyone participated in dressing to fit each day, even faculty. This was the last year for students at JCHS to enjoy Homecoming activities at the "Old School", and this could help explain the spirit-filled attitudes which surrounded the high school.

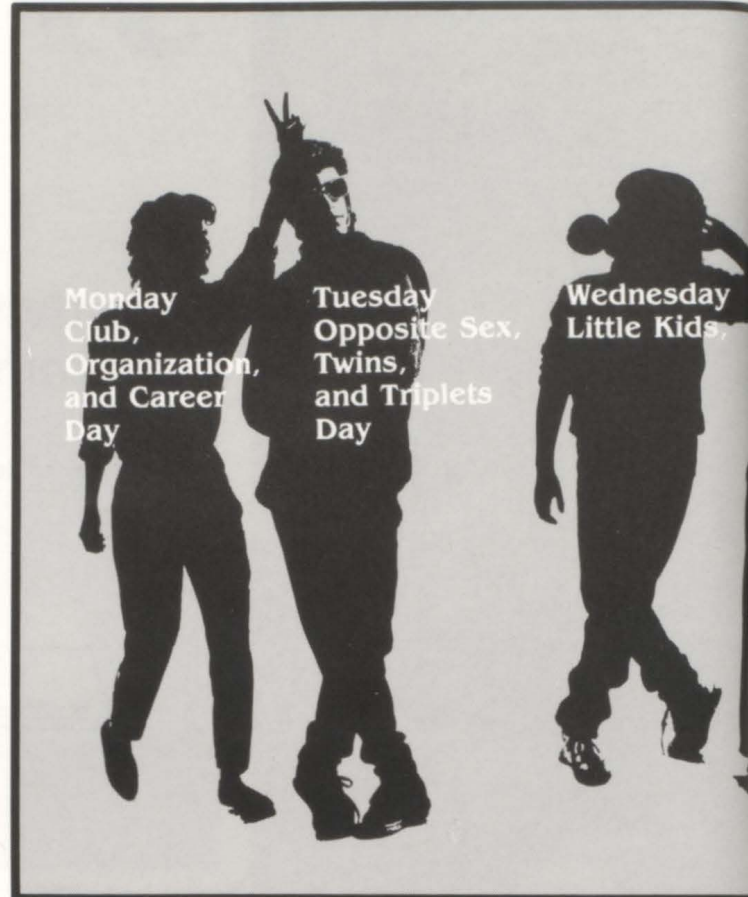

Monday, these sisters, Tonya and Shawn Warren, show their spirit with a sense of humor.

SPIRIT WE

Everywhere around campus, students joined in the fun. There were many cartoon characters, doctors, housewives, and some who appeared to be in a time warp, wandering around the school. Despite the difficulties due to weather, the Greyhound spirit continued to burn brightly.

Being a member of the Senior Homecoming Court is a special honor that only a few of the Senior Class get a chance to experience. This is the last time these ladies will be able to participate in Homecoming activities at JCHS. They have been chosen because of their unique talents and personalities. This year's Homecoming '90 theme accurately describes this year. This is "the best ending to a new beginning."

All The Live

A Typical Day at JCHS

A typical day at Jones County High School may include a variety of activities for each student, such as club meetings, practices, and studying. At the sound of the first period bell, the mad dash to classes begins. However, some do not make it within the allotted amount of time. For these unfortunate few, a little late is too late, and they are required to attend Tardy Hall. Tardy Hall is held twice a week in room 17 starting at 3:10 and lasting for 50 minutes. For the many students who do make it to class on time, the day long process to help broaden young minds begins. The JCHS faculty teach a variety of subjects ranging from science to psychology to P.E. Luckily, a long awaited break occurs for lunch. During this time the stu-

dents here are able to eat, drink, and otherwise be merry. Unfortunately this break never seems to last long enough, and soon it's back to the old grindstone.

For many the end of classes does not mean the end of the day. After school comes the long practices, club activities, and for some work. And for everyone comes the homework and studying needed to help prepare for the next day of classes.

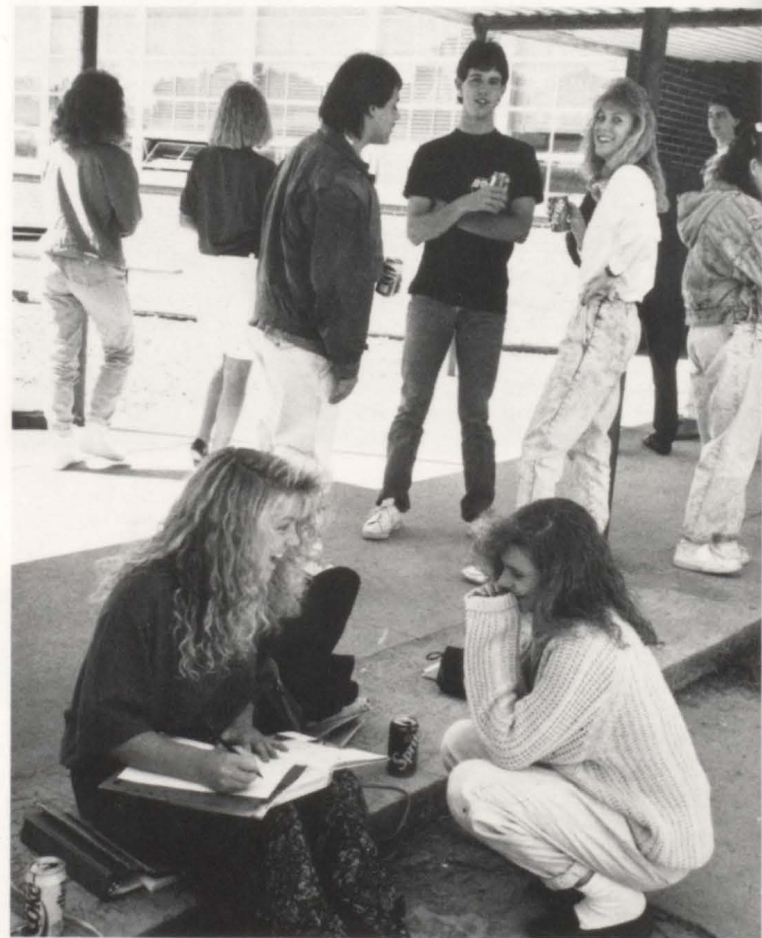

The day to day life of students can be monotonous, and just plain dull. However, the unique personalities of the students and faculty help to spice up the life here in Jones County.

Mrs. Stewart carefully explains an algebra problem to one of her students.

"Those gears are grinding" as Mrs. Perry's class works diligently.

Taking advantage of their lunchtime break, Kim Holton and Ellyn Hamrick catch up on their latest weekend gossip.

Long Day . . .

Traci Thompson, Becky Hipps, Tora Bailey, and the Reese twins, chill out at lunch with a cool drink.

Taking a break from her computer, Tracy McClellan smiles at her latest accomplishment.

Entertaining her students, Mrs. Middlebrooks encourages participation from her class.

Rushing to class, JCHS students are eager to learn.

Last spring, learning extended beyond the classroom for some biology students when Mrs. Simpson took her classes to the Skidaway Institute of Oceanography. They examined many different types of ocean life and experienced hands-on training in Marine Biology.

During the summer the French Club and other interested students had the privilege of exploring Paris and various other parts of France. They had many interesting experiences as they flew to a foreign country and enjoyed a new culture.

Also this summer our band and auxilliary practiced for the upcoming school year. They improved their abilities and shared each other's ideas and company.

Together Forever

All across campus relationships are being created. Many of these will last a lifetime, while others will become a treasured memory. The friendships gained help brighten the lives of students at JCHS. The bonds of friendship stretch beyond the difficulties usually created by social barriers. The day can always be turned from bad to great when a friend is there to make you smile, even though you don't feel so happy. Sometimes when a friendship goes really well, deeper feelings may evolve. Then it's always nice to be with the person you care about the most, even if you are at school. Couples can be seen quietly talking between classes and at break completely oblivious to the rush around them. For these, they dream to be together forever.

Jenny Hood and Jonathon Jones obviously hope to be together forever.

Amy Stanley and Randy King feel that friendship makes the world easier.

Carla Farrar, Sandy Coward, and Donza Rogers use their friendship for support.

Honors

Program

GHP is a program that takes place during the summer. It lasts for about six weeks and includes a variety of special events and seminars. During the summer of 1990, Jones County High School sent three students to GHP. They were Kerri Reese who went in Technology, Karla Reese who went in Math, and John Shell who went in Social Studies. These three students represented our school well, and we congratulate them on their success.

They're happy and they know it, so the faces of Kerri Reese, John Shell, and Karla Reese surely show it.

Friends Helping Friends

Peer tutoring provides the opportunity for students to receive help in a class that is giving them a little trouble. The students are tutored by fellow students. A peer tutor can put the work in a more understandable manner or just help study for a test. The purpose of peer tutoring is to have a person your age there to give that extra encouragement

All Work, No Play . . .

Everyone is familiar with the need for money. A steady flow of cash is required for the activities in which many of today's teenagers are involved. To help solve this problem, JCHS has provided a way for students to gain valuable work experience, as well as grades and an income. Seniors learn to fill out work applications and attend interviews to obtain their jobs. Then every afternoon, the selected students leave after fifth period to go to work. They earn their grades according to reports from their employers, as well as getting to keep the money they earn.

It is very seldom that a group of teenagers is entrusted with the responsibilities of running a business. It is almost next to never when they are trusted with a budget of over \$20,000. However, the JCHS Yearbook Staff deals with this type of work on a daily basis. The staff is responsible for every aspect of creating the yearbook, ranging from writing copy to drawing original layouts. They handle all financial affairs and advertisements. Not only do the members of the staff have to be competent photographers, they also must be good salesmen. The yearbook staff runs smoothly under the leadership of Amy Sires, editor-in-chief and Mrs. Patricia Morgan, Advisor.

Fellowship of Christian Athletes is JCHS's newest organization. It was chartered in the fall under the guidance of advisor, Danny Rogers. The club is open to all high-school kids who want a good Christian atmosphere with all around great athletes. Our FCA chapter is involved in various activities including huddle meetings, youth rallies, and FCA sponsored summer camps. The 1990-1991 officers would like to thank all who helped in getting JCHS's chapter off the ground.

The officers are Michelle Thompson — pres., Michelle Bearden — v.pres., Jennifer Leonard — sec., Amy Sires — treas., Niki Burdick — public relations, and Traci Thompson — chaplain.

inson and Sarah Hipps as well as the JCHS

"A Real Good Friend"

"A Real Good Friend" left us here alone,
Not knowing why or what went wrong.
We all still remember her in that very special way,
Although there's nothing we can do or say,
To bring her back to us on this very day.
Now that we've lost "A Real Good Friend,"
Our destroyed hearts will never, ever mend.
We'll never forget that very tragic day,
When our "Real Good Friend" passed away.

— written by Jamie Curry

In memory of
Julie Denise Fripp

from all your freshman friends
"We love you Julie!"

Hey Michelle,
This year has seemed ephemeral! I can't wait
'til next year! It'll be the "bestest" ever!
Kristi

Hey Kristi!
This is to one of my benevolent but yet eccentric friends. You have helped make this year expedient but next year will be the "bestest" year ever!!!!

It's A Wrap

Memories Of The Past

Many things come and go.
Some come fast, some go slow.
But through it all, one thing lasts
And that's the memories of our past.
We hear laughter ringing in our ears
As we look back to our high school years.
The cheers, the prom, and Valentine's dance
Maybe a chance for a little romance.
We can look at things that made us cry
And just how fast our life went by.
We see our standing friendship, true to the end.
Sometimes a broken heart had to mend.
We complained of all the tests to take
And many more mistakes we made.
There was always a fight for the best
Only a few could pass this test.
Now after all that's been said
We must make a step to the future ahead.
But looking back one last time
To say goodbye to the friends of mine.
Saying goodbye was the hardest thing to do
Especially between friends like me and you.
But there is one thing we can always grasp
And look back to the memories of the past.

Stephanie Sullens

That was Then . . .

Ah yes, those were the days! Many recall a time when girls wore mini-skirts and guys talked of fast cars and a time when sock-hops were a popular event and doo-wop tunes bopped on the radio.

Throughout the years, the halls of Jones County High School rung with the familiar sounds of teenagers' laughter and voices. The conversations were of football games and Friday night bonfires, or perhaps they discussed Mrs. Stevens' American history test.

The hair styles for girls ranged from bouffants to wings and guys ranged from the slicked back look to afros. The cars that were driven were classic Mustangs and '57 Chevy's with fins.

The styles have changed over the years, but the hearts of all teenagers remain the same.

It's War!

On Wednesday, January 16, 1991 at about 6:45 p.m. EST, the lives of all students at JCHS changed dramatically. The United States declared war on Iraq. For the first time in our lives, we, as teenagers, faced what it means to be at war.

On Thursday, January 17, 1991, all television sets on the campus of Jones County High School were tuned to special reports giving updates on the war as information was released. Students felt waves of mixed emotion as they watched the events unfold.

For the most part, JCHS students supported President Bush. They felt he took the necessary action to stop Saddam Hussein. Yet there were others who felt he should have resolved the problems through peace-talks. Some thought he should not have attacked on Martin Luther King, Jr.'s, birthday. Despite the mixed emotions toward Bush, all students were in support of our troops. They spoke words of encouragement and wished them all a safe return.

Showing off their patriotism, Amy Nickles, Michelle Thompson, and Jonathan Jones, all dressed in red, white, and blue.

... I would tell them that I support you and that I hope all of you return home unharmed. — Donza Rogers, freshman

... We love y'all and we are behind y'all 110%. God bless you all. — Amy Sires, senior

... I support you 100%. You are in my thoughts and prayers daily. Come home soon! — Amy Nickles, junior

If I could talk to the troops ...

Taking part in the creation of our yearbook, despite all the hard work and frustrations, has been one of the most wonderful experiences of my life. My staff and I are like a family. We have worked together and laughed together, but more importantly we have built friendships that will last a lifetime. I would like to thank not only my staff but Mrs. P. Morgan for all the support and encouragement she gave us. I hope each student at the old JCHS WRAPS UP their year with a happy heart and bright future that reflects the spirit of their old Alma Mater.
